The access to reports has made my role so much easier, prior to using Oliver, I manually analysed library data and created my reports in PowerPoint. The amount of time I have saved using the inbuilt reports is fantastic, and I have more confidence in the accuracy of information included in the reports.

They are finding it so much easier to use. In fact, many teachers have commented on how easy the system is. The teachers in particular love the new circulation desk with the ability to see exactly what books a child has out as soon as they scan their code. In addition, the ease switching between screens has been very helpful to them.
