

5 reasons LearnPath is a good investment for your school

START HERE

1. Student support

- Ensure resource quality and safe browsing
- Provide clear learning paths and research frameworks to reduce stress and anxiety

4. Immediate benefits

- Select from over 300 ready to use, freely included curriculum and extra-curricular guides
- Capitalise on the expertise of the Teacher Librarians who curated the included content and feel free to customise

2. Library value

- Leverage the professional expertise and catalogue knowledge of your school library staff
- Maximise return on investment for library resources by encouraging usage

5. Collective expertise

- Get the most value by sharing internally produced guides with other schools in your community
- Improve knowledge and provide learning opportunities for library staff through guide

3. School-wide collaboration and performance

- Support classroom teachers and student performance through curriculum-based subject guides
- Inform better library resourcing through increased collaboration between classroom teachers and library staff

LearnPath

For more information, visit [our web site](#), read [LearnPath case studies](#) or email sales@softlinkint.com

"It seemed sensible to move in the direction of something that would save time for both the teacher and student and would make their understanding of a topic more successful... Once teachers have used it [LearnPath], they become very appreciative of the work we have done,"

Trevanna Cooper, Teacher Librarian, CBC Fremantle
